CALIDONA

SAN JAVIER / CORVERA

The first resort to be developed by Calidona in the Region of Murcia is Roda Golf Course, an 18-hole par 72 course designed by Dave Thomas covering 6,177 metres of undulating terrain with lovely views. Its ample greens and strategically located bunkers make it the ideal course for playing your favourite sport. The course features three strategically positioned lakes and superbly integrated plants and trees right across the course. The excellent course design means that the level of difficulty can be increased depending on the marker position on its immense tees.

Subsequently, Calidona has gone on to create Corvera Golf Club. Designed by José María Olazábal, this looks set to become one of the Region's most emblematic courses. Covering 6,652 metres, its par 72 18-hole round with six teeing positions is clearly designed to meet the needs of players of all levels.

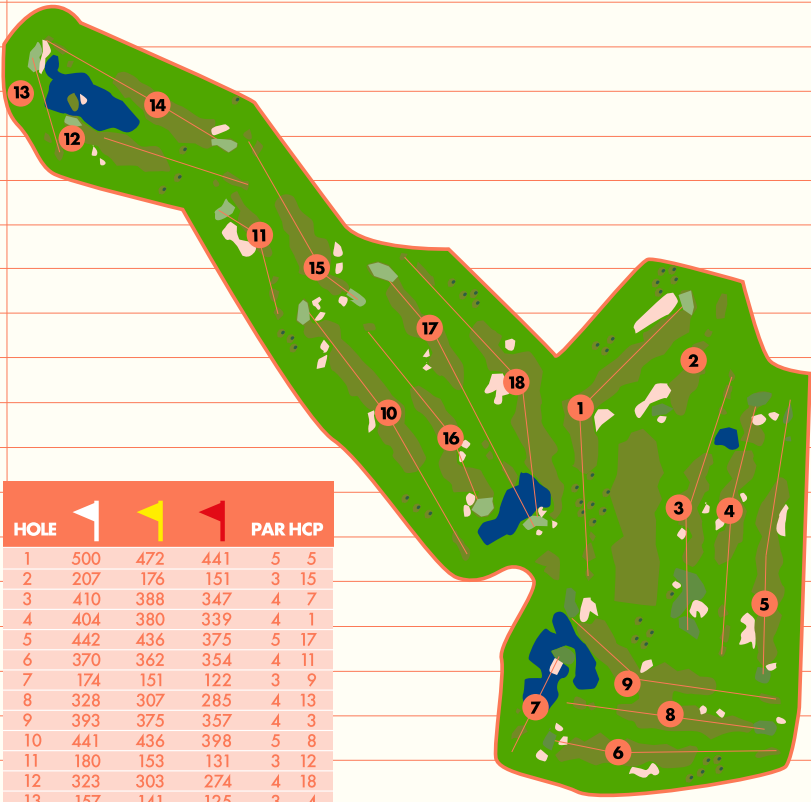

The course adeptly combines the presence of features from the natural surroundings with strategically placed lakes that play an important role in the development of the round. Complementing the course is a superb driving range with excellent putting and chipping greens and a Fitting Room, as well as the latest coaching technology. The course has been approved by the European PGA as a winter base.

ALTORREAL

MOLINA DE SEGURA

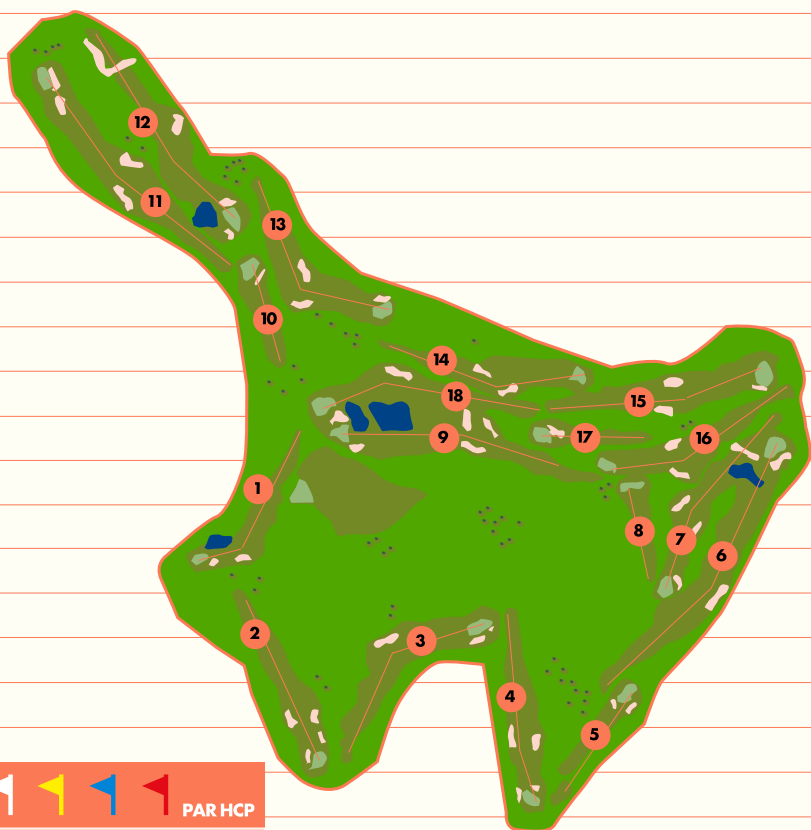

Get away from the city and, nestled amid the mountains only a few kilometres from the regional capital Murcia, you will find the perfect course for you. Altoreal is located just 45 minutes from San Javier airport and one hour from Alicante. This magnificent 18-hole course designed by Dave Thomas is one of the oldest in the Region. Featuring 6 lakes, the 18-hole, 6,220 metre par 72 course is characterised by its sloping greens. Another highlight is the ingenious use of water, which comes into play particularly on the 9th and 18th holes. The area has been reforested with more than 20,000 trees, creating a natural setting for golf unmatched elsewhere on the Costa Cálida, where Altoreal is currently the most played course and especially popular with local golfers.

A signature golf course in the Region of Murcia, Altoreal offers local residents and visitors an alternative day out in the country. A Club House with a café-bar and restaurant, pro-shop, paddle tennis courts, gym and a golf academy with its own driving range, putting green and practice bunker are amongst the other facilities.

BAÑOS Y MENDIGO

For golfers looking for something different to add zest to their game, a visit Mosa Trajectum is a must.
